EPA ltr to NW Division -Man Plan 8-5-2015 R8.docx

Hi Larry: thanks for the quick turnaround. As Lisa is being deployed to help with the Animas situation, please go ahead and coordinate with me as we get this letter out the door. We shared a hard copy of this (I believe final draft now) letter with Sandy this a.m. I will keep you posted when I hear back from her once she's had time to review/approve.

Thanks,

David

Larry,

I had sent the letter to my ARA and deputy Martin Hestmark and Sandy Stavnes to make sure I incorporated their concerns and they were OK with letter. Both have been tied up with Gold King Mine Release since then (the river that was flowing yellow). In fact, I think Martin may be in Durango now. I will send Phil and David a note to see if they can get permission to move it forward.

I am on the response team and headed to Durango later today for what may be two weeks.
